

**JIB-PMES PROMULGATION 194:**

**16<sup>th</sup> January 2023**

## **Monday 08<sup>th</sup> May 2023 – Additional Bank Holiday to celebrate the coronation of HM King Charles III**

Following the succession of His Majesty King Charles III, the government has decided to mark the occasion of the King's coronation by making the Monday after the event (Monday 08<sup>th</sup> May 2023) an additional bank holiday.

JIB-PMES Board members have agreed that there will be an extra bank holiday under the JIB-PMES collective agreement. The Board has also determined that the arrangements made for this additional day will be outside those outlined in National Working Rule 5, and will be as follows:

- All operatives employed under the NWRA for Plumbing and Mechanical Engineering Services shall be entitled to an additional day's paid holiday to be taken on Monday 08<sup>th</sup> May 2023
- Operatives required to work on Monday 08<sup>th</sup> May 2023 shall be entitled to be paid as for a normal working day and will receive an alternative paid day off in lieu to be taken at a mutually agreed date with their employer, before the 31<sup>st</sup> December 2023
- Operatives will be paid 7.5 hours at their basic rate of pay for this additional holiday day.

For employers participating the JIB-PMES Holiday Credit scheme, the JIB-PMES has been able to accommodate this additional bank holiday within the 2023 holiday calendar – meaning that this additional bank holiday will be covered by the scheme in the same way as the other 8 public holidays. A revised Holiday Credit calendar is included with this promulgation for use by those participating in the Holiday Credit scheme.
